#### Common

Title: LMB50ss, All Stainless Steel Lower Mast Brackets  
Price: \$ 200.00  
Quantity Available: 5  
Posted: 1 week ago  
Description:

#### **Lower Mast Brackets For Most Popular Brands Of Rotators.**

Available in two versions, two or three mast clamps.

**(Qty 2 FOR SALE) LMB50ss-2 two mast clamps version \$200.00 ea.**

**(Qty 3 FOR SALE) LMB50ss-3 Three mast clamp version \$230.00 ea**

Suitable for most popular brands of rotators with 4 or 6 bolt mounting hole patterns :- **CREATE, CDE/HYGAIN, EMOTATOR, DAIWA, KENPRO & YASEU etc.**

The main body of the LMB50ss is made up of 7 stainless steel pieces which were Laser Cut & the backing has been computer controlled folded. All the parts have interlocking tabs on them, this makes assembly & welding easier.

The base is 5mm thick & has a selection of rotator mounting hole configurations in it, also has a 'T' support bars to keep the mast off base & away from the wiring for the CDE/HYGAIN rotators.

The rest of the LMB-50ss is made from 3mm S/S, including the folded mast clamps which have the M8 x 75mm S/S Hex set screw affixed into them by a lock nut, this prevents bolt from spinning & makes installation easier.

There is also provision to put 2 locking bolts through the top & bottom clamps into the mast & out the back of the bracket.

Includes all Stainless Steel clamping hardware.
