

WTB - MFJ 1788 or 1786

Listing details

Common

Title: WTB - MFJ 1788 or 1786
Description:
Wanted to buy:
Wanted to buy - MFJ 1788 or MFJ 1786 Magnetic loop

Wanting to buy one of the MFJ Super Q Antennae (Magnetic Loops) in either of the two versions that were available when being produced.

It must be fully function if offered as a whole unit with the remote controller or if just the Antenna, must be complete with intact casing and mounting hardware in both planes.

Happy to pay top price for a complete unit but can work with a parts offering similarly at a reasonable price.

Can pick up in South Eastern suburbs or meet at suitable convenient location.

Will also pay for reasonable freight for the combined package that should weigh in at about 5K and be just over 1 metre square and if with the controller, about 500mm max deep.

Please send photos and price expected, description including model being offered.
